Summer semester

Cedar Montessori School

June 8th -August 7th

Summer is a time of slower paced days, morning outdoor activity, and showery afternoons....a great time to settle in the cool indoors with a good project! We have created a schedule where families can opt for full-day care for the duration of the program, or sign up for 2 week blocks of their favorite selections.

Our morning camp will consist of an outdoor physical activity (water not excluded), cooking lessons in the kitchen and an old fashioned summer camp craft (square knots, tie-dying, sewing, whittling).

Our afternoons will be dedicated to our themes, when we delve into great reading and participate in pertinent projects. Academic skills will be put to great use and great fun simultaneously.

So take a moment to peruse our offerings.....

Creativity is the name of the game here. Traditional Art activities will include: painting, drawing, and 3-dimensional work. Clear a place on your wall for a canvas painting that you will want to frame!

We will also be practicing for our future roles on Broadway!! We will be acting, working on stage presence, projecting our voices to the crowds -as we encourage our inner star to shine.
